Operating and Leasing Activity

Same-store cash NOI, including our share of same-store cash NOI from unconsolidated joint ventures, increased by 4.8% for the fourth quarter of 2021, and increased 2.9% excluding lease termination income, as compared to the same period in 2020.

Same-store cash NOI, including our share of same-store cash NOI from unconsolidated joint ventures, decreased by 0.1% for the twelve months ended December 31, 2021, and increased 0.7% excluding lease termination income, as compared to the same period in 2020.

During the fourth quarter of 2021, the Company signed 52 office leases in its Manhattan office portfolio totaling 573,806 square feet. The average lease term on the Manhattan office leases signed in the fourth quarter of 2021 was 5.9 years and average tenant concessions were 7.0 months of free rent with a tenant improvement allowance of \$56.17 per rentable square foot, excluding leases signed at One Vanderbilt Avenue. Thirty-one leases comprising 406,117 square feet, representing office leases on space that had been occupied within the prior twelve months, are considered replacement leases on which mark-to-market is calculated. Those replacement leases had average starting rents of \$70.80 per rentable square foot, representing a 3.9% decrease over the previous fully escalated rents on the same office spaces.

During the year ended December 31, 2021, the Company signed 159 office leases in its Manhattan office portfolio totaling 1,929,714 square feet. The average lease term on the Manhattan office leases signed in 2021 was 6.8 years and average tenant concessions were 6.4 months of free rent with a tenant improvement allowance of \$54.31 per rentable square foot, excluding leases signed at One Vanderbilt Avenue. One hundred one leases comprising 1,176,950 square feet, representing office leases on space that had been occupied within the prior twelve months, are considered replacement leases on which mark-to-market is calculated. Those replacement leases had average starting rents of \$71.80 per rentable square foot, representing a 2.5% decrease over the previous fully escalated rents on the same office spaces.

Occupancy in the Company's Manhattan same-store office portfolio was 93.0% as of December 31, 2021, inclusive of 183,000 square feet of leases signed but not yet commenced, as compared to 93.2% at the end of the previous quarter.

Significant leases that were signed in the fourth quarter included:

- Expansion lease with Bloomberg LP for 191,207 square feet at 919 Third Avenue, for 6.0 years;
- New lease with Flexpoint Ford for 19,522 square feet at One Vanderbilt Avenue, for 11.1 years;
- New lease with Tennor Holding B.V. for 32,622 square feet at One Vanderbilt Avenue, for 9.2 years;
- Expansion lease with Stone Point Capital LLC for 6,554 square feet at One Vanderbilt Avenue, for 10.0 years;
- New lease with Chelsea Piers Fitness for 55,780 square feet at One Madison Avenue, for 20.0 years;

- New lease with AMA Consulting Engineers for 30,756 square feet at Worldwide Plaza, for 5.0 years; and
- New lease with Glenn Agre Bergman & Fuentes LLP for 27,231 square feet at 1185 Avenue of the Americas, for 5.8 years.

Investment Activity

During 2021 and to date in 2022, the Company has repurchased 5.1 million shares of its common stock and redeemed 0.7 million units of its Operating

Partnership, or OP units, bringing total repurchases and redemptions to 36.6 million shares of common stock and 1.8 million OP units under the previously announced \$3.5 billion share repurchase program.

In December, the Company closed on the previously announced sale of its ownership interest in the office and garage condominiums at 110 East 42nd Street for a gross sale price of \$117.1 million. The office condominium comprises a portion of the ground floor and the sixth through eighteenth floors. SL Green previously sold the office condominium in 2007 and assumed control of it again in 2011. The garage condominium was acquired in 2013. The transaction generated net cash proceeds to the Company of \$108.1 million and the Company recognized a gain of \$3.6 million.

In December, the Company entered into an agreement to sell its interests in 707 Eleventh Avenue for a gross sale price of \$95.0 million. SL Green purchased the 160,000 square foot, loft-style building in January of 2020 for \$90.0 million. The transaction is expected to close in the first quarter of 2022, subject to customary closing conditions, and generate net cash proceeds to the Company of approximately \$91.0 million.

In December, together with its joint venture partner, the Company entered into an agreement to sell the leasehold interest in 1080 Amsterdam Avenue for a gross sale price of \$42.5 million. The transaction is expected to close in January 2022, subject to customary closing conditions, and generate net cash proceeds to the Company of approximately \$7.1 million. Simultaneously, the Company agreed to sell its remaining interests in the Stonehenge portfolio for gross consideration of approximately \$1.0 million.

In November, the Company closed on the sale of a 25 percent interest in One Madison Avenue to an international investor. The buyer has committed aggregate equity to the project totaling no less than \$259.3 million. SL Green retained a 25.5 percent interest in the property, while its joint venture partners, the National Pension Service of Korea and Hines, retained their 49.5 percent interest in the property. SL Green Realty Corp. and Hines are co-developing the \$2.3 billion project.

In October, the Company closed on the sale of its interests in 590 Fifth Avenue for a gross sale price of \$103.0 million. Located between 47th and 48th Street, 590 Fifth Avenue is a 19-story, 103,000-square-foot office building with prime retail space at the base. SL Green took ownership of the property in October 2020. The transaction generated net cash proceeds to the Company of \$28.1 million.

Debt and Preferred Equity Investment Activity

The carrying value of the Company's debt and preferred equity ("DPE") portfolio was \$1.09 billion at December 31, 2021. The portfolio had a weighted average current yield of 7.4%, or 9.2% excluding the effect of \$238.7 million of investments that are on non-accrual.

Financing Activity

In October, the Company refinanced, extended and reduced the overall size of its unsecured corporate credit facility. The revolving line of credit component of the facility was reduced by \$250.0 million to \$1.25 billion, the maturity date was extended from March 2023 to May 2027, inclusive of as-of-right extension options, and the current borrowing cost was reduced to 85 basis points over adjusted SOFR. The 5-year funded term loan component of the facility was reduced by \$250.0 million to \$1.05 billion, the maturity date was extended from March 2023 to May 2027 and the current borrowing cost was reduced to 95 basis points over adjusted SOFR. The \$200 million, 7-year funded term loan component of the facility, which matures in November 2024, was not modified and the current borrowing cost remains 100 basis points over adjusted SOFR.

Dividends

In the fourth quarter of 2021, the Company declared:

- Two monthly ordinary dividends on its outstanding common stock of \$0.3033 per share, which were paid on November 15 and December 15, 2021, and one monthly dividend on its outstanding common stock of \$0.3108 per share, which was paid on January 18, 2022. The monthly ordinary dividend paid in January 2022 represents a 2.5% increase to the Company's ordinary dividend, equating to an annualized dividend of \$3.73 per share of common stock;
- A special dividend with a value of \$2.4392 per share, which was paid on January 18, 2022 in the form of common stock of the Company. To mitigate the dilutive impact of the stock issued for the special dividend, the board of directors also authorized a reverse stock split, which was effective on January 21, 2022. The split ratio for the reverse stock split was 1.03060-for-1; and
- Quarterly dividend on its outstanding 6.50% Series I Cumulative Redeemable Preferred Stock of \$0.40625 per share for the period October 15, 2021 through and including January 14, 2022, which was paid on January 18, 2022 and is the equivalent of an annualized dividend of \$1.625 per share.

(1) During the first quarter of 2022, the Company completed a reverse stock split to mitigate the dilutive impact of stock issued for a special dividend paid primarily in stock. The share-related data has been retroactively adjusted to reflect the reverse stock split.

(2) During the first quarter of 2022, the Company completed a reverse stock split and a special dividend paid primarily in stock. GAAP requires the weighted average common shares outstanding to be retroactively adjusted for all periods presented to reflect the reverse stock split. However, GAAP requires shares issued pursuant to the special dividend be included in diluted weighted average common shares outstanding only from the date on which the special dividend was declared. To facilitate comparison between the periods presented, the Company calculated Pro forma diluted weighted average shares and units outstanding, which includes the shares issued pursuant to the special dividend from the beginning of the 2021 reporting periods.

Funds from Operations (FFO)

FFO is a widely recognized non-GAAP financial measure of REIT performance. The Company computes FFO in accordance with standards established by NAREIT, which may not be comparable to FFO reported by other REITs that do not compute FFO in accordance with the NAREIT definition, or that interpret the NAREIT definition differently than the Company does. The revised White Paper on FFO approved by the Board of Governors of NAREIT in April 2002, and subsequently amended, defines FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from sales of properties, and real estate related impairment charges, plus real estate related depreciation and amortization and after adjustments for unconsolidated partnerships and joint ventures.

The Company presents FFO because it considers it an important supplemental measure of the Company's operating performance and believes that it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, particularly those that own and operate commercial office properties. The Company also uses FFO as one of several criteria to determine performance-based bonuses for members of its senior management. FFO is intended to exclude GAAP historical cost depreciation and amortization of real estate and related assets, which assumes that the value of real estate assets diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. Because FFO excludes depreciation and amortization unique to real estate, gains and losses from property dispositions, and real estate related impairment charges, it provides a performance measure that, when compared year over year, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, and interest costs, providing perspective not immediately apparent from net income. FFO does not represent cash generated from operating activities in accordance with GAAP and should not be considered as an alternative to net income (determined in accordance with GAAP), as an indication of the Company's financial performance or to cash flow from operating activities (determined in accordance with GAAP) as a measure of the Company's liquidity, nor is it indicative of funds available to fund the Company's cash needs, including the Company's ability to make cash distributions.

Funds Available for Distribution (FAD)

FAD is a non-GAAP financial measure that is calculated as FFO plus non-real estate depreciation, allowance for straight line credit loss, adjustment for straight line operating lease rent, non-cash deferred compensation, and pro-rata adjustments from the Company's unconsolidated JVs, less straight line rental income, free rent net of amortization, second cycle tenant improvement and leasing costs, and recurring capital expenditures.

FAD is not intended to represent cash flow for the period and is not indicative of cash flow provided by operating activities as determined in accordance with GAAP. FAD is presented solely as a supplemental disclosure with respect to liquidity because the Company believes it provides useful information regarding the Company's ability to fund its dividends. Because all companies do not calculate FAD the same way, the presentation of FAD may not be comparable to similarly titled measures of other companies. FAD does not represent cash flow from operating, investing and finance activities in accordance with GAAP and should not be considered as an alternative to net income (determined in accordance with GAAP), as an indication of the Company's financial performance, as an alternative to net cash flows from operating activities (determined in accordance with GAAP), or as a measure of the Company's liquidity.

Earnings Before Interest, Taxes, Depreciation and Amortization for Real Estate (EBITDAre)

EBITDAre is a non-GAAP financial measure. The Company computes EBITDAre in accordance with standards established by the National Association of Real Estate Investment Trusts, or NAREIT, which may not be comparable to EBITDAre reported by other REITs that do not compute EBITDAre in accordance with the NAREIT definition, or that interpret the NAREIT definition differently than the Company does. The White Paper on EBITDAre approved by the Board of Governors of NAREIT in September 2017 defines EBITDAre as net income (loss) (computed in accordance with Generally Accepted Accounting Principles, or GAAP), plus interest expense, plus income tax expense, plus depreciation and amortization, plus (minus) losses and gains on the disposition of depreciated property, plus impairment write-downs of depreciated property and investments in unconsolidated joint ventures, plus adjustments to reflect the entity's share of EBITDAre of unconsolidated joint ventures.

The Company presents EBITDAre because the Company believes that EBITDAre, along with cash flow from operating activities, investing activities and financing activities, provides investors with an additional indicator of the Company's ability to incur and service debt. EBITDAre should not be considered as an alternative to net income (determined in accordance with GAAP), as an indication of the Company's financial performance, as an alternative to net cash flows from operating activities (determined in accordance with GAAP), or as a measure of the Company's liquidity.

Net Operating Income (NOI) and Cash NOI

NOI is a non-GAAP financial measure that is calculated as operating income before transaction related costs, gains/losses on early extinguishment of debt, marketing general and administrative expenses and non-real estate revenue. Cash NOI is also a non-GAAP financial measure that is calculated by subtracting free rent (net of amortization), straight-line rent, and the amortization of acquired above and below-market leases from NOI, while adding operating lease straight-line adjustment and the allowance for straight-line tenant credit loss.

The Company presents NOI and Cash NOI because the Company believes that these measures, when taken together with the corresponding GAAP financial measures and reconciliations, provide investors with meaningful information regarding the operating performance of properties. When operating performance is compared across multiple periods, the investor is provided with information not immediately apparent from net income that is determined in accordance with GAAP. NOI and Cash NOI provide information on trends in the revenue generated and expenses incurred in operating the Company's properties, unaffected by the cost of leverage, straight-line adjustments, depreciation, amortization, and other net income components. The Company uses these metrics internally as performance measures. None of these measures is an alternative to net income (determined in accordance with GAAP) and same-store performance should not be considered an alternative to GAAP net income performance.

Coverage Ratios

The Company presents fixed charge and debt service coverage ratios to provide a measure of the Company's financial flexibility to service current debt amortization, interest expense and operating lease rent from current cash net operating income. These coverage ratios represent a common measure of the Company's ability to service fixed cash payments; however, these ratios are not used as an alternative to cash flow from operating, financing and investing activities (determined in accordance with GAAP).
