## CORPORATE PROFILE

SL Green Realty Corp. (the "Company") was formed on August 20, 1997 to continue the commercial real estate business of SL Green Properties Inc. founded in 1980 by Stephen L. Green, our current Chairman and Chief Executive Officer. For more than 20 years SL Green has been engaged in the business of owning, managing, leasing, acquiring and repositioning office properties in Manhattan. The Company's investment focus is to create value through the acquisition, redevelopment and repositioning of Manhattan office properties and releasing and managing these properties for maximum cash flow.

Looking forward, SL Green Realty Corp. will continue its opportunistic investment philosophy through three established business lines: wholly owned property investments, co-ownership in properties with institutional partners, and structured finance investments. This three-legged investment strategy will allow SL Green to balance the components of its portfolio to take advantage of each stage in the business cycle.

Today, the Company is the only fully integrated, self-managed, self-administered Real Estate Investment Trust (REIT) exclusively focused on owning and operating office buildings in Manhattan. SL Green is a pure play for investors to own a piece of New York.

## FINANCIAL HIGHLIGHTS THIRD QUARTER 2002 UNAUDITED

### EARNINGS PERFORMANCE

Third quarter Funds From Operations (FFO) were \$30.2 million or \$0.86 per share (diluted), 19.4% better than one year ago, when FFO was \$23.6 million or \$0.72 per share (diluted). The third quarter FFO per share results reflect the Company's five million common share issuance in July 2001 which primarily increased the weighted average dilutive shares outstanding from 36.1 million in 2001 to 37.8 million in 2002.

For the nine months ended September 30, 2002, results improved 11.6% as FFO before minority interest totaled \$85.8 million, or \$2.45 per share diluted, compared to \$68.6 million, or \$2.25 per share diluted for the same period in 2001.

The 2001 results include a \$1.0 million charge, or \$0.03 per share, for a one-time contribution to the Twin Towers Fund. In addition, in accordance with new accounting guidelines, the 2001 results were restated to reclassify a \$0.3 million charge related to the early extinguishment of debt as an increase to interest expense.

The \$6.6 million growth in third quarter FFO results from the following:

- (1) \$3.9 million increase to FFO from unconsolidated joint ventures primarily due to the acquisition of 1515 Broadway (May 2002) and the net acquisition of an incremental share in the interest in 1250 Broadway from 49.9% to 55.0% (November 2001).
- (2) Consolidated GAAP NOI increased \$2.3 million:
  - \$0.3 million increase from the 2002 same store properties primarily due to an increase in GAAP revenue totaling \$1.2 million, net of change in credit loss. The increase in revenue is attributable to (i) a \$1.5 million increase from GAAP replacement rents, which were 48.0% higher than the previously fully escalated rents, were partially offset by higher tenant reserves and vacancies (\$0.9 million) and (ii) increased escalation and reimbursement income (\$0.1 million) primarily from operating expense recoveries. This increase was partially offset by a \$1.1 million increase in operating costs.
  - \$3.0 million increase from the equity in income from unconsolidated joint ventures (previously noted above, included in \$3.9 million from unconsolidated joint ventures). The \$3.0 million net income improvement excludes a \$0.9 million improvement in FFO for increased depreciation.
  - \$0.2 million decrease due to the partial sale of 110 East 42<sup>nd</sup> Street.
  - \$0.6 million decrease from non-same store property results, inclusive of 50 West 23<sup>rd</sup> Street and e.Emerge.
- (3) \$1.9 million increase in investment and preferred equity income primarily due to the weighted-average asset balance increase from \$114.2 million to \$194.7 million due to increased net originations. The increase is partially offset by a decrease in the weighted average yield from 16.50% to 12.45% primarily due to lower LIBOR.
- (4) MG&A decreased \$1.0 million due to the contribution to the Twin Towers Fund in 2001.

---

(5) \$0.6 million increase in other income primarily due to asset management fees earned on joint ventures (\$0.7 million) and lease buy-out income (\$0.2 million).

(6) \$0.3 million decrease in interest expense associated with (i) reduced interest costs on floating rate debt (\$0.9 million), (ii) reclassification of 2001 debt extinguishment (\$0.3 million) and (iii) proceeds from the July 2001 common stock offering (\$0.2 million). These reductions were partially offset by increased costs associated with new

investment activity (\$0.8 million), the costs associated with refinancings and amortization (\$0.2 million), and increased costs for working capital reserves (\$0.1 million).

## **QUARTERLY OPERATING RESULTS**

### **Same Store**

Same store cash NOI in the 2002 same store portfolio was unchanged at \$24.6 million. Cash operating margins before ground rent decreased from 57.9% to 56.4%. GAAP NOI increased by \$0.3 million over the prior year, and GAAP operating margins before ground rent decreased from 61.2% to 60.4%. Same store results were affected by a \$1.1 million increase in operating costs and a \$1.1 million increase in cash revenue.

The \$1.1 million increase in same store operating expenses was due to:

1. \$0.5 million (8.1%) increase in real estate taxes due to higher assessed property values and an increase to the tax rate.
2. \$0.6 million (49.2%) increase in other operating expenses due primarily to (i) \$0.4 million from management costs, professional fees primarily related to legal collection costs and (ii) advertising costs due to the increased vacancy.
3. \$0.1 million (2.7%) decrease in utility costs for electricity and reduced occupancy.

The \$1.1 million increase in cash revenue was due to:

1. An increase in cash rental revenue of \$1.4 million resulting from higher replacement rents on approximately 460,000 square feet that were 39.0% greater than previously fully escalated rents. This increase was partially offset by increased vacancy and reserves (\$0.4 million) as the same store portfolio occupancy decreased from 97.7% in 2001 to 96.9% in 2002.
2. \$0.1 million increase in escalation and reimbursement income due to passthrough of operating cost escalations.
3. An increase of \$0.2 million in cash revenue due to tenant rent steps partially offset by increased free rent.
4. \$0.2 million decrease in signage rent primarily due to 1666 Broadway.
5. The electric recovery rate for the quarter was approximately 86.0%, which is slightly below the previous year.

### **Consolidated**

The Company's consolidated third quarter EBITDA margins before ground rent improved to 74.9% compared to 65.9% for 2001. The EBITDA margins after ground rent improved to 69.3% as compared to 60.6% in the same period of the prior year.

These margin improvements are attributable to (i) \$3.0 million increase in net income from joint ventures, (ii) \$1.9 million increase in structured finance income, (iii) \$0.6 million increase in other

6

---

income primarily due to management fees and lease buy-out income and (iv) \$1.0 million decrease in MG&A expense.

## **QUARTERLY LEASING HIGHLIGHTS**

Vacancy at June 30, 2002 was 337,022 useable square feet net of holdover tenants. During the quarter, 200,368 additional useable office square feet became available at an average escalated cash rent of \$28.25 per rentable square foot. Space available before holdovers to lease during the quarter totaled 537,390 useable square feet, or 4.7% of the total portfolio.

During the third quarter, 47 leases were signed totaling 160,358 useable square feet. New office cash rents averaged \$34.27 per rentable square foot. Replacement rents were 33.9% greater than rents on previously occupied space, which had a fully escalated cash rent averaging \$25.60 per rentable square foot. The average office lease term was 8.6 years. Average office tenant concessions were 1.6 months of free rent and an allowance of \$17.75 per rentable square foot. Including early renewals and excluding holdover tenants, the tenant renewal rate was 72.0% based on square feet expiring. 16 leases have expired comprising 29,825 useable square feet that are in a holdover status. This results in 347,207 useable square feet (net of holdovers) remaining available as of September 30, 2002.

The average lease term on the quarterly leasing activity was 8.6 years.

The Company signed 10 office leases for 107,935 useable square feet that were for early renewals. The early renewals for space were not scheduled to become available until after the fourth quarter of 2002. The Company was able to renew the current office tenants at an average cash rent of \$31.69, representing an increase of 65.3% over the previously fully escalated rents of \$19.17. The future fully-escalated rents for the early renewals at the time the current leases will roll are estimated to be \$21.72 representing a 45.9% mark-to-market. The average lease term on the office early renewals was 9.4 years.

For the trailing twelve months, cash replacement rents were 38.1% above the previously escalated rents.

## **NEW ACTIVITY**

### **50 West 23<sup>rd</sup> Street**

Due to the Company's intent to sell the property located at 50 West 23<sup>rd</sup> Street, the property's assets and liabilities have been classified to assets and liabilities held for sale on the balance sheet at September 30, 2002. As a result, the Company's operating results have been restated to classify all of the property's income to discontinued operations for all periods presented.

### **Structured Finance Activity**

After this activity, the structured finance portfolio, including preferred equity interests, totaled \$194.7 million with a current yield of 12.40%, after seller financing.

At September 30, 2002, \$102.0 million of structured finance assets had effective fixed LIBOR floors. The weighted average LIBOR floor was 4.05%.

## **CAPITALIZATION AND LIQUIDITY**

FAD before first cycle leasing costs increased 5.2% from \$0.55 per share (diluted) to \$0.58 per share (diluted). The increase in FAD was due to the (i) higher FFO results (\$6.6 million), (ii) reduced FAD adjustment from joint ventures (\$2.1 million) primarily due to 1250 Broadway and One Park Avenue and (iii) increased straight-line credit loss reserve (\$0.6 million). These were partially offset by (i) an increase in tenant improvement and leasing commissions (\$6.9 million) primarily associated with higher

7

tenant concession packages, (ii) increased free and straight-line rent (\$0.2 million) and (iii) lower recurring capex (\$0.2 million).

The Company's dividend payout ratio was 51.5% of FFO and 58.3% of FAD before first cycle leasing costs.

During September, the Company declared a dividend distribution of \$0.4425 per common share for the quarter ended September 30, 2002. This reflects the regular quarterly dividend, which is the equivalent of an annualized dividend of \$1.77 per common share. At the close of the third quarter 2002, the common share annualized dividend yield was 5.8%. The Company also declared a dividend of \$0.50 per share of Preferred Income Equity Redeemable Stock for shareholders of record as of September 30, 2002. Both dividends were paid on October 15, 2002.

## **OTHER**

Annually, the Company adjusts the same store pool to include all properties owned for a minimum of twelve months (since January 1, 2001). 50 West 23<sup>rd</sup> Street has been classified as held for sale and has been removed from the 2002 same store pool. The 2002 same store pool includes the following wholly-owned properties:

## SUPPLEMENTAL DEFINITIONS

**Annualized rent** is calculated as monthly base rent and escalations per the lease, as of a certain date, multiplied by 12.

**Debt service coverage** is adjusted EBITDA divided by total interest and principal payments

**Equity income/ (loss) from affiliates** are generally accounted for on a cost basis and realized gains and losses are included in current earnings. For its investments in private companies, the Company periodically reviews its investments and management determines if the value of such investments have been permanently impaired. Permanent impairment losses for investments in public and private companies are included in current earnings.

**Fixed charge** is adjusted EBITDA divided by the total payments for ground leases and preferred stock.

**Fixed charge coverage** is adjusted EBITDA divided by total interest expense (including capitalized interest and debt premium amortization, but excluding finance cost amortization) plus preferred dividends and distributions.

**Funds available for distribution (FAD)** is defined as FFO plus non-real estate depreciation, 2% allowance for straight line credit loss, adjustment for straight line ground rent, non-cash deferred compensation, a pro-rata adjustment for FAD for SLG's unconsolidated JV; less straight line rental income, free rent net of amortization, second cycle tenant improvement and leasing cost, and recurring building improvements.

**Funds from operations (FFO)** is defined as income from operations before minority interests, gains or losses from sales of real estate and extraordinary items plus real estate depreciation, an adjustment to derive SLG's pro rata share of the FFO of unconsolidated joint ventures, and perpetual preferred stock dividends. In accordance with NAREIT White Paper on FFO, SLG includes the effects of straight-line rents in FFO.

**Interest coverage** is adjusted EBITDA divided by total interest expense.

**Junior Mortgage Participations** are subordinate interests in first mortgages.

**Mezzanine Debt Loans** are loans secured by ownership interests.

**Operating earnings per share** reflects income before minority interests and gains (losses) from dispositions of real estate and impairment reserves on assets held for sale and operating properties less minority interests' share of income and preferred stock dividends if anti-dilutive.

**Percentage leased** represents the total percentage of total rentable square feet owned, which is leased, including month-to-month leases, as of the date reported. Space is considered leased when the tenant has either taken physical or economic occupancy.

**Preferred Equity Investments** are equity investments entitled to preferential returns that are senior to common equity.

37

**Recurring capital expenditures** represents non-incremental building improvements and leasing costs required to maintain current revenues. Recurring capital expenditures do not include immediate building improvements that were taken into consideration when underwriting the purchase of a building or which are incurred to bring a building up to "operating standard."

**Redevelopment costs** are non-recurring capital expenditures incurred in order to improve buildings to SLG's "operating standards." These building costs are taken into consideration during the underwriting for a given property's acquisition.

**Same store NOI growth** is the change in the NOI (excluding straight-line rents) of the same store properties from the prior year reporting period to the current year reporting period.

**Same store properties** include all properties that were owned during both the current and prior year reporting periods and excludes development properties prior to being stabilized for both the current and prior reporting period.

**Second generation TI's and LC's** are tenant improvements, lease commissions, and other leasing costs incurred during leasing of second generations space. Costs incurred prior to leasing available square feet are not included until such space is leased. Second generation space excludes square footage vacant at acquisition.

**SLG's share of total debt to market capitalization** is calculated as SLG's share of total debt divided by the sum of total debt plus market equity and preferred stock equity income redeemable shares. SLG's share of total debt includes total consolidated debt plus SLG's pro rata share of the debt of unconsolidated joint ventures less than JV partners' share of debt. Market equity assumes conversion of all OP units into common stock.

**Total square feet owned** represents 100% of the square footage of properties either owned directly by SLG or in which SLG has a controlling interest (e.g. consolidated joint ventures).
